

## A STATEMENT OF FAITH

Covid-19 mortality rates & the recent killing of George Floyd have, once more, exposed the systemic inequalities and injustices in our society.

As followers of Jesus, we proclaim that the God we serve:

Is a God of mercy, peace, and love.

Cares for all people regardless of color, creed, or citizenship.

Is passionately concerned for the poor, the dispossessed, and the displaced.

Condemns all forms of injustice.

Calls upon the faithful to care for those who lack food, clothing, shelter, or justice and to reach out to the foreigner, the prisoner, and the sick.

Is known and served through acts of love.
