

## **Thanksgiving 2023**

Your Thanksgiving will be blessed!  
Even if your meal is simple, invite God.  
She'll be thrilled to come!

More blessings will happen if you help the food insecure.  
They, and you, and God will all feel the joy.

Count your blessings!  
Gratefulness eases stress and sadness.  
The hymn is right!

Bless yourself with the reminder  
that you are God's beloved one.  
He always has your back!

Reaching out to estranged friends or family  
will bless the Holiday for each of you.

Ditto, reaching up in prayer  
for all harmed by discord, division, and conflict.

Don't eat salt, BE salt!

Save on energy bills, BE light!

BE love!

***Wishing you a Thanksgiving filled with God's richest blessings,  
Brenda***

*Many thanks to Matthew (5) & Luke (6) for their help with this!*
