

PASTORAL CARE

The pastor is the Reverend Brenda Bennett, a spiritual director and an ordained minister in the American Baptist Churches. A former oncology and palliative care nurse, Brenda has a Master's Degree in Nursing and theological degrees from Harvard Divinity School and Weston Jesuit School of Theology.

As well as being the pastor of Community Baptist, Brenda volunteers as a chaplain on a renal dialysis unit. Her ministry interests include spiritual formation, interfaith relationships, and theologies of liberation and empowerment.

Pastoral services offered at Community Baptist include marriages, funerals and the blessing of family milestones. Spiritual direction and pastoral counseling are available by appointment.
